

Downloading an application (app)

Downloading an application to **my Android telephone**

An application (app) is a software

There are free applications and some that you have to pay for

There are apps for many things

For example, for :

- Moving around
- Chatting
- Sending emails
- Making an appointment with a doctor
- Translating text
- Keeping informed
- Organising paperwork

There are already apps on my telephone

On the screen of my telephone I can see the app **Play Store** 

I can use the app **Play Store**
to download new apps

To download an app with **Play Store**

I need to **create a Gmail account**

This is Google's messaging service

To set up a Gmail account

I click on **Google**; the internet page opens

I write '**set up a google account**' in the search bar

A new webpage opens up

I write :

- my first name and surname
- my username: this is my email address
- my password

When my Gmail account has been set up
On my telephone's home screen

I click on **Play Store** 
I connect with my Google account
I can now download apps

In the search bar
I write the name of the app that I want
I click on it

Then I click on **Install**.
The app downloads

When the download is complete
I click on **Open**
The app opens

The screenshot shows the Google account creation interface. At the top, it says "Google" and "Créer votre compte Google". There are input fields for "Prénom" (Mikael) and "Nom" (Jakson). Below that is a field for "Nom d'utilisateur" (mikael.jakson75) and a dropdown for "@gmail.com". A note says "Vous pouvez utiliser des lettres, des chiffres et des points". Below that, it lists "Noms d'utilisateurs disponibles : mikaeljakson428". There is a link "Utiliser mon adresse e-mail actuelle à la place". Then, there are fields for "Mot de passe" (Dffott21fR\$) and "Confirmer" (Dffott21fR\$). A note says "Utilisez au moins huit caractères avec des lettres, des chiffres et des symboles". There is a checked checkbox "Afficher le mot de passe". At the bottom, there is a link "Se connecter à un compte existant" and a blue "Suivant" button.

Downloading an app to my Apple iOS telephone

There are already some apps on my telephone

On my telephone's screen I can see the **App store** 

I can use the app **App store**
to download new apps

I need to create an Apple ID in order to use **App Store**

To set up an Apple ID :

I open the app App Store and click on 

I click on **Créer un identifiant Apple**

I write my email address and my password

I click on **Créer un identifiant Apple**

I will have to answer several questions :

- Accepting the general conditions
- Adding my date of birth
- Confirming my telephone number
- Adding my bank card number

If I do not want to add my bank card number, I click on **Aucun**

When I have answered all the questions

I receive an email message

I have to open the message and confirm my email address

I can now open the app **App Store**

I can download apps

In the search bar

I write the name of the app that I want

Then I click on **Obtenir**

The app downloads

I click on **Ouvrir**

The app opens
